### **DETAILED ACTION**

1. This is the sixth office action for serial number 10/603,509. This application contains claims numbered 2-8. Claims 1, and 9-10 were previously canceled.
2. Claims 2 and 5-8 are allowed with the following examiner's amendment:

### **EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney George Snyder on 6/21/06.

The application has been amended as follows:

Claim 2, line 9, after "connected to the pin (8)", -- , and wherein the mechanical brake further includes a hollow stem (10), a cup spring packet arranged in the hollow stem, and a set screw (11) threadably received by the hollow stem (10), the pin (8) is mounted in the hollow stem (10), and the preload on pin (8) is adjustable by way of the set screw (11) -- has been inserted.

Claim 3 has been canceled.

Claim 4 has been canceled.

Claim 5, line 1, "in claim 3" has been replaced with -- in claim 2 --.

REASONS FOR ALLOWANCE:

4. The following is an examiner's statement of reasons for allowance:

One major difference in claim 2 not found in the closest prior art of Metelski (US Publication No. 2002/0185583) is that Metelski does not teach or suggest the mechanical brake further including a cup spring packet arranged in the hollow stem as recited in claim 2 in combination with other limitations as a whole which is not found in Metelski or other prior art to participate or render the claim obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

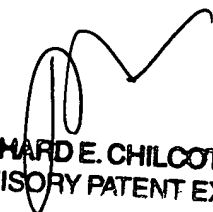

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tan Le whose telephone number is (571) 272-6818. The examiner can normally be reached on Mon. through Fri. from 9:00 AM-6:00 PM.

Art Unit: 3632
